Re: Village of Arcanum
Sanitary Sewer Separation – Phase III – Contract F
2011 Street Milling & Resurfacing

This addendum forms a part of the Contract Documents and modifies the original Contract Documents dated June 2011. Acknowledge receipt of this Addendum in space provided on the Bid Proposal form. Failure to do so may subject the Bidder to disqualification.

1. The "Typical Street Milling and Resurfacing Section" on page 3 of the plans shows 1-1/4" of pavement planning, 4' wide on each side of the street. The intent of the milling is at a depth of 1-1/4" deep at the curb or gutter plate and tapering to 0" at the location of 4 ft. off of the curb.
2. The butt joints at the ends of the streets are included in S.Y. bid item for milling.
3. The Village of Arcanum will purchase and install adjustable steel riser rings and valve covers during the paving process.
4. All existing vegetation in the streets will be sprayed by the Village prior to the contractor beginning work.
5. This project does not include any repairs to the street base course.
6. The Village of Arcanum will be completing all inspections.
7. There are areas within the proposed milling/overlaying project that has exposed drainage pipes. The only pipes that will be removed prior to this project are those at the intersection of Sycamore and North Streets. All of the other exposed drainage pipes will remain. The contractor is being asked to work around these existing pipes.
