Re: Village of New Bremen
Walnut Street Sanitary Sewer Improvements

This addendum forms a part of the Contract Documents and modifies the original Contract Documents dated May 2011. Acknowledge receipt of this Addendum in space provided on the Bid Proposal form. Failure to do so may subject the Bidder to disqualification.

1. The engineer will require a TV inspection of the completed reconstructed sewer regardless of the construction method (see section 33 01 30.16 of the technical specifications for details). The cost of this service shall be included with the cost of the pertinent sewer conduit.
2. On Sheet 4, general note number 26 has been revised. The work under this project shall be performed by one of two work methods (base bids). Base Bid 'A' includes a complete replacement of the existing sewer utility within the project limits. Base Bid 'B' utilizes a rehabilitation of the existing utility with CIPP lining and manhole rehabilitation. A pdf copy of revised sheet 4 can be viewed and downloaded under 'Current Projects/New Bremen Bear Drive Reconstruction' Addendum No. 1 on our website (www.moteassociates.com).
3. A contingency quantity for Chimney Seals has been added to the bid schedule for Base Bid 'A'.
4. A contingency quantity for sanitary cleanouts has been added to the bid schedule for Base Bid 'A'. A detail for the cleanouts can be viewed and downloaded under 'Current Projects/New Bremen Bear Drive Reconstruction' Addendum No. 1 on our website (www.moteassociates.com).
5. The Bid Form has been modified to reflect the revised bid schedule. Please print the revised Bid Form (attached) and include it with your bid packet.

6. The proposed manhole (#17) to be located at station 16+24, 15' left on sheet 6 shall be bid as a 48" diameter base. However, it may be necessary to utilize a larger base after field verification of the location of the existing sewers tying to the manhole on the north side. In that case, a change order will be issued for an increase in the manhole size.
7. Item #14 – 'Engineer's Estimate' in the Instructions to Bidders shall be modified as :

Base Bid 'A' - \$403,000.00

Base Bid 'B' - \$553,000.00

8. The following documents need to be included with the contractor's bid packet:
